Mugs 13, 14, 18. Celebrate your state! Order mugs featuring any of the 50 states, shown here in classic buffalo plaid and PRIDE colors. See the full collection of mugs on page 4.

Studio 2 Ceramics is known for quality, custom ceramic mugs. We purchase supplies from local businesses and we use sustainable, earth-gentle practices whenever possible.

You will notice slight variations from mug to mug because each piece is made by hand. An actual human made your mug because we are artists, not a factory.

We don't use molds or heavy machinery and are committed to green practices like recycling clay, solar power, and reusing shipping materials.

Wholesale information

All orders are custom made, so you can expect a turnaround time of 6-8 weeks. We will email you an invoice when your order is ready for shipping. To establish credit terms, please pay your first invoice before we ship. We accept electronic payment as well as checks. A 24 mug minimum order is required. There is a \$125 fee for custom art.

Hand thrown and glazed, each mug is made to order. They are approximately 4" tall and hold 14 ounces of coffee, tea, or even beer! We use a food safe glaze. These mugs are made to last, so feel free to put them in the dishwasher or microwave.

As a small batch pottery, we love working with small businesses and offer a 50% wholesale discount on minimum orders of 24 mugs.

Custom order artwork specifications

When providing artwork to be included on a custom order from Studio 2 Ceramics, please use the following guidelines for submission. If you have any questions please contact Grace Alworth and we will put you in touch with our designer.

Logo submission

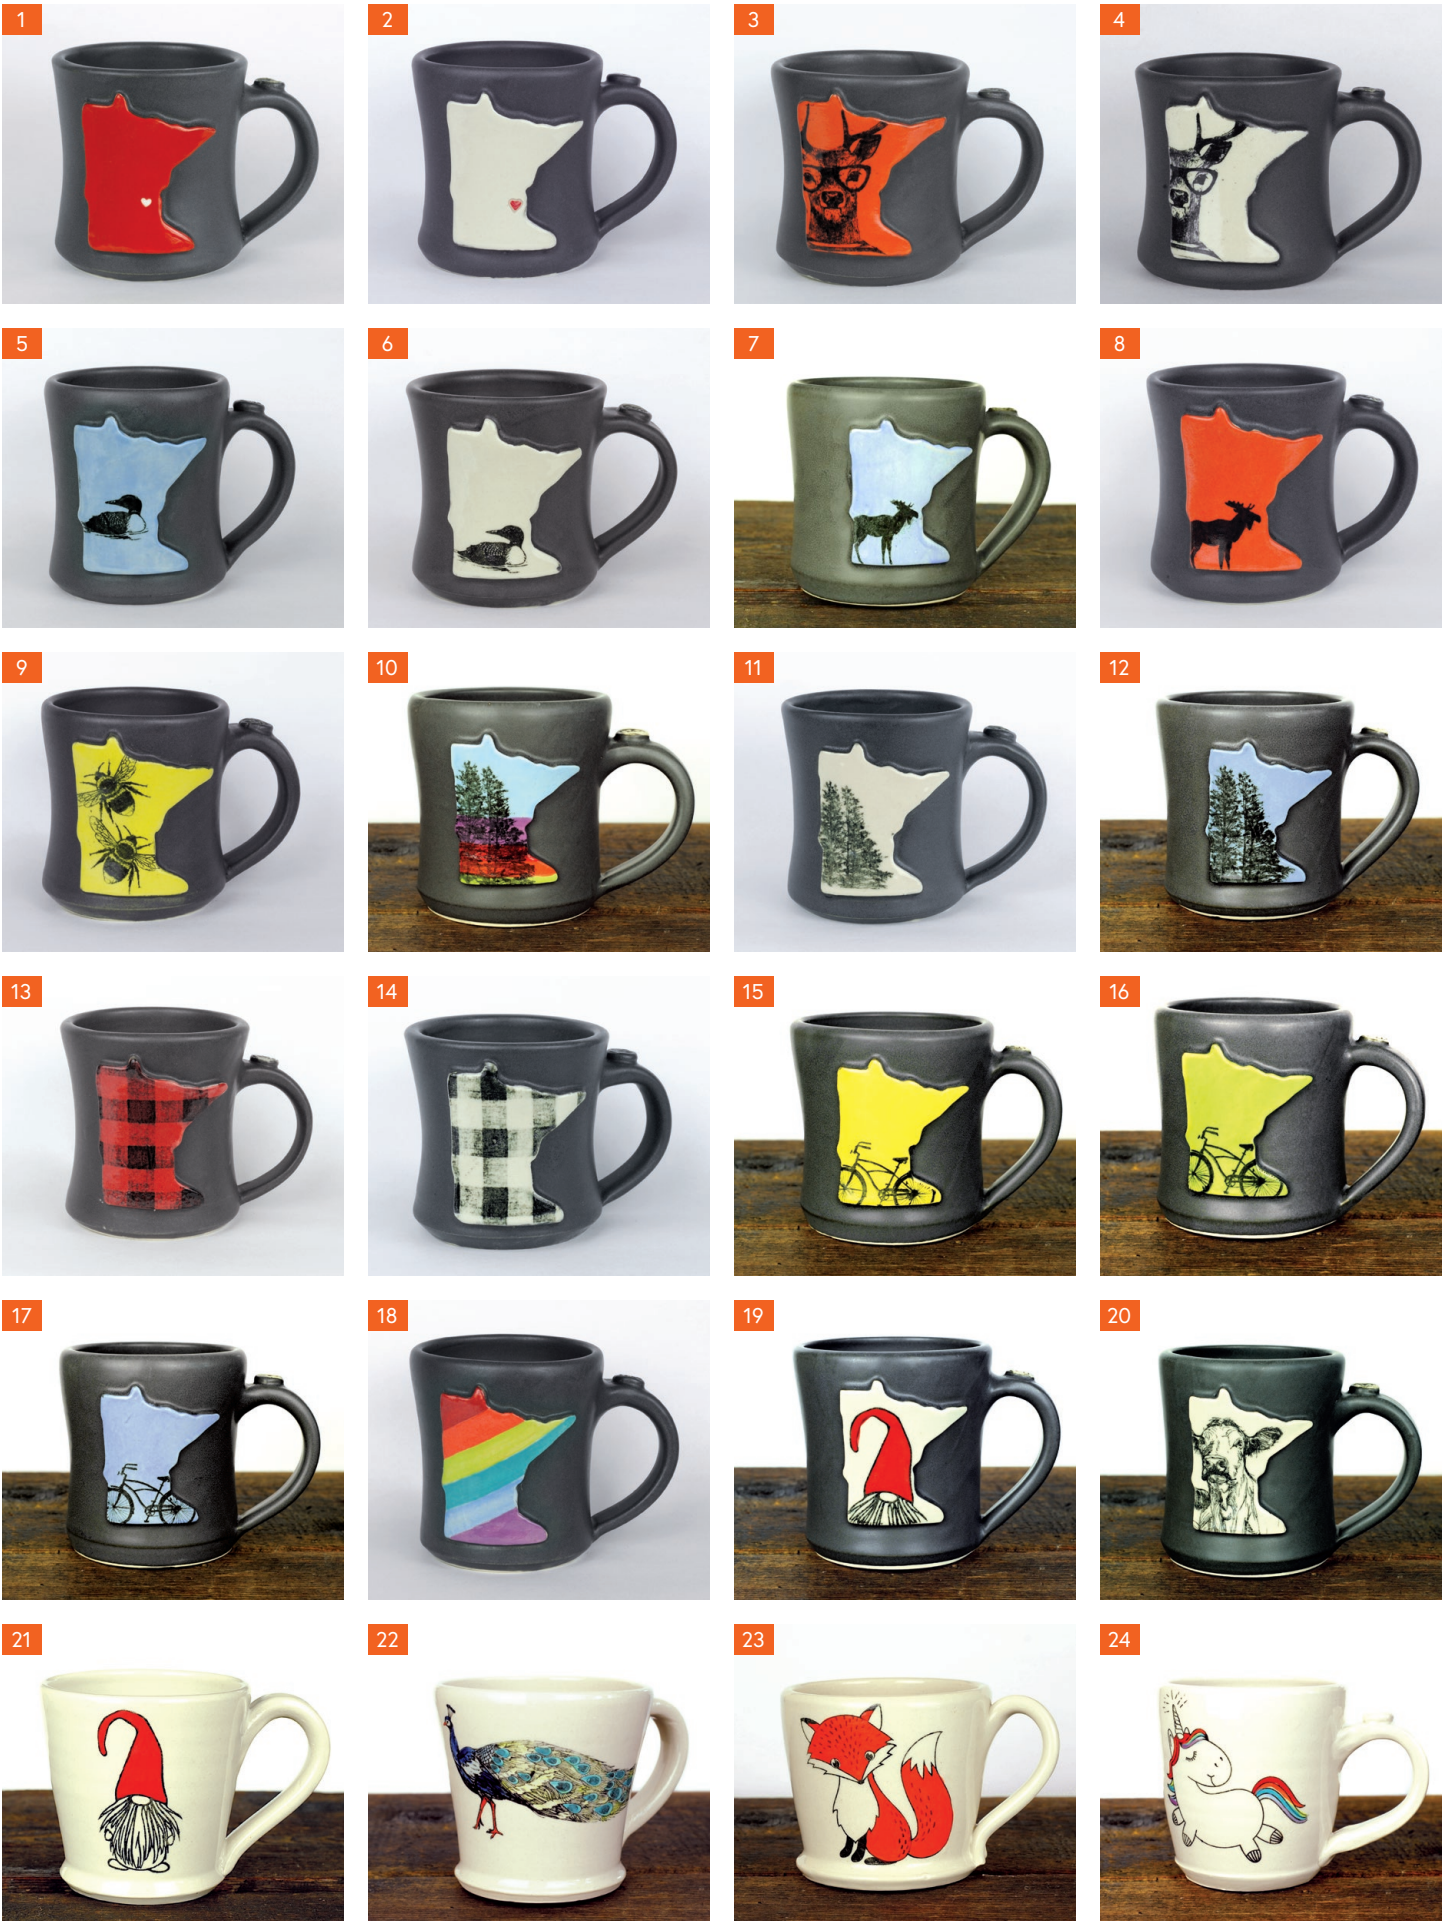

- Preferred file format: A vector EPS, AI or PDF file
- We also accept high resolution (minimum 300 dpi) JPG or PNG files. Transparent backgrounds are preferred. Artwork dimension should be three inches wide at actual size.
- Submit all artwork as black or one color. Artwork submitted in multiple colors will all be converted to one-color black for the process of screen printing.

If your logo is low resolution or you don't have access to the correct file formats, we will be happy to recreate your logo as one-color vector art at our hourly rate. You will receive the high-quality EPS file once the project is complete. Your approval is required prior to work beginning and it will add additional time to the entire project.

Email your logo to grace@studio2ceramics.com.

Meet the makers

Studio 2 Ceramics got its start in 2005 when Duluth, Minn. native, Jim Alworth, was creating clay monsters instead of doing "serious art" and Carolina native, Grace, was tickled that an artist was having fun. We incorporate joy and a playful spirit into all the work we do.
